Greetings from the Chair

The fall semester is upon us, and the University of Georgia begins its annual academic cycle as we welcome the new students, faculty, and staff and renew our relationships with old friends and colleagues. Those of us who are retired have the opportunity to survey Athens and the University landscape at a less frenetic pace and a more detached viewpoint, a pleasant time and opportunity that reminds us how nice it is to be retired.

Let me welcome all of you, old hands as well as new retirees, to a renewal of our annual rituals and remind you that UGARA, as it has for a number of years, will offer a variety of activities for its members. Through the good work and energy of our volunteers, outstanding trips are planned as well as receptions to celebrate the retirement of UGA personnel. There will be other projects that help us focus on the University and its heritage and which also allow fellowship among our members. I hope you will join in some of these activities and take advantage of the many things that UGARA can offer.

UGARA Council Chair*

UGARA Loses Two Great Friends

Two very important supporters of UGARA passed away recently: Joanna Stegeman Traylor and Dr. Joe Hammock.

Joanna was involved with the Oral History project sponsored by the Alumni Association and the UGA Visitors Center. She was featured in the first preview of the program sponsored by UGARA earlier this summer. Joanna had lived in Athens almost all her life. She was the daughter of UGA's famous coach, professor and athletic director, Herman J. Stegeman and a brother of Dr. John Stegeman. She and her husband, Dr. Bothwell Traylor, were both staunch UGA supporters.

Dr. Hammock was co-chair of the committee that led to the establishment of UGARA. He was a former professor and head of the Psychology Department and remained a strong advocate for UGA retirees until his death.

UGARA Resources Information Provided by Roland Brooks

The UGA Hargrett Rare Book and Manuscript Library on the third floor of the Main Library houses papers and other historical items from UGARA. These items are stored in the Library for researchers and others to examine. In 2009 groundbreaking for a new building to house the Hargrett Section and other UGA collections will take place.

New Council Member Brief Profiles

Clifton Pannell, UGARA Council Chair

Clifton Pannell retired from the University of Georgia in December, 2005 after 34.5 years of service. He began work at UGA in 1971 as assistant professor of geography and passed through all ranks of the department and became department head in 1992. Shortly thereafter, he was appointed by Dean Wyatt Anderson as associate dean in the Franklin College of Arts and Sciences in 1994 where he worked until his retirement. Pannell’s academic specialty is the economic and urban geography of China and East Asia, and he was appointed as the first director of the Center for Asian Studies at UGA. He served as Vice-Chair of UGARA in 2006-07 under Helen Mills and is looking forward to working with the other UGARA volunteers for the 2007-08 academic year.

Jean Bowen, UGARA Co-Communications Chair

Jean Bowen retired from the College of Education in 1999 as a Grants Specialist and was re-hired by the Institute of Higher Education. She has since retired again. Her undergraduate B.S. degree was in Zoology (genetics) and she holds a Masters degree from the Terry College of Business, with concentrations in human resource management and financial accounting. Her current ties to the University of Georgia include membership in the Emeriti Scholars and service as UGARA Co-Communications Chair. She also serves as a volunteer in activities of the College of Education.

Vicky Smith, UGARA Council Secretary

Vicky resides in Statham, GA with her parents and sister Tricia, who is also a UGA retiree. When not at work, Vicky enjoys playing the piano and traveling. She views UGARA as a way to continue to serve and maintain her interests at UGA.

Romeo Toledo, New UGARA Council Member

Professor Romeo Toledo served UGA as a faculty member in the Department of Food Science and Technology for 39 years. He was instrumental in getting the food processing pilot plant equipped with state-of-the-art equipment for food preservation, and he conducted research on processes to ensure the safety of processed foods. He was major professor to some 50 MS and PhD graduates in Food Science. Romeo is married to Mo, a UGA alumna in Chemistry.
